

NEW SAN FRANCISCO

WORK OF REBUILDING BURNED SECTION OF THE STRICKEN CITY UNDER WAY.

PLENTY OF FOOD ON HAND

RELIEF COMMITTEES TAKING CARE OF THE HUNGRY AND THE HOMELESS.

San Francisco, April 24.—A sharp earthquake shock was felt here at 10:39 o'clock p. m. It lasted about three seconds and was from east to west. No damage has been reported.

San Francisco, April 24.—The new San Francisco, which will rise from the ashes of the old, is in its first stages of rebuilding. After five days of confusion and almost superhuman effort on the part of the citizens of California's metropolis, the great task of sheltering, feeding and otherwise caring for the homeless thousands, has been practically solved, complete order has been re-established and attention turned to the future.

Throughout the great business district, where the devastation of the flames was the most complete, walls are being razed, buildings that had not disintegrated before the intense heat are being inspected with the view of reoccupancy and even ground is being cleared for the immediate construction of some sort of building in which to resume business at the earliest possible time. In short, confidence has been restored. The assurance of the insurance companies, the measures taken by the financial institutions, the prompt and reassuring word that had reached the business men of San Francisco from Eastern financial centers—all these things went to clear away any feeling of uncertainty that might have existed in the minds of the timid that San Francisco would not be what it was—the greatest center of population and business on the Pacific coast.

Chilling Rain Falls.
The general situation temporarily suffered a setback early in the day because of the chilling rain, which fell in the late hours of the previous night and during the early forenoon on the thousands protected only by canvas coverings and even less impervious shelterings. While the rain caused considerable suffering for the time being the conditions were quickly ameliorated by the prompt action of every relief committee doing duty, as well as by the voluntary acts of householders wherever it was possible to accommodate the sufferers.

The people were fed during the day in a thoroughly business-like and systematic manner. From the waterfront, where the boatloads of provisions have been accumulated, there was an endless procession of carts and drays carrying food to the scores of sub-stations established throughout the city and at the Presidio. At the stations food and drink, comprising bread, prepared meats and canned goods, milk and a limited amount of hot coffee, was served to all those who applied. About 500 tons of provisions are being moved daily from the waterfront. Large quantities of blankets, tenting and other material to provide coverings for those who have been scantily supplied heretofore are reaching the supply stations rapidly. Temporary barracks have been completed at several points and in these many people have found comfort and shelter against the inclemencies of the weather. The situation in the congested districts, such as Golden Gate park and the various public squares throughout the city, has been considerably relieved by the departure of many people for points on the other side of the bay. While the number of people leaving the city is nothing like the vast crowds that packed the ferryboats during the previous two days, the number was sufficiently large to satisfy the relief committee that their task would become less difficult from day to day.

Health Conditions Satisfactory.
The general health conditions are most satisfactory. While the number of cases at the various hospitals has shown considerable increase, this is not an unexpected development of the past few days of hardships encountered by the homeless thousands. The most encouraging feature is the absence of anything like an epidemic of disease of any nature whatever. The somewhat unsatisfactory sanitary arrangements in the various camps, the lack of a variety of diet and the exposed situation of so many people necessarily develop ailments of every sort and in some places there has been a few cases of infectious diseases, such as measles, chicken-pox, etc., but the primary causes of disease are be-

ing remedied and removed as fast as possible.

Water is still scarce in some sections of the city but every effort is being made to increase the supply from day to day. At the present time the water is turned on only at certain hours of the day and night, and is in ample supply for domestic needs in the districts where the water mains are still intact. Inspection of the system in the inhabited section of the city is going forward rapidly. At some points the pipes have been found badly twisted and displaced from the effects of the quake and these will have to be replaced by new ones.

The street car companies announced during the day that the four different lines were now ready for operation and service would be restored on these lines as soon as the city authorities would permit the turning on of the electric power.

The electric power companies stated during the day that it was hoped that power would be available for lighting houses and streets within the next three or four days, or whenever it was considered safe to do so.

One of the most unfortunate happenings since the city has been under the joint police supervision of the government, the municipality and the state militia, was the killing at an early hour in the day of Major H. C. Tilden, a prominent member of the citizens' general committee and a well known merchant, in the extreme southwestern part of the city. The killing was done by three members of a self-constituted vigilance committee who fired upon an automobile carrying Major Tilden, a friend and the chauffeur returning from Menlo Park, whence Tilden had gone with his family. The three men, displaying no badge of authority, ordered the party in the automobile to halt, following the demand almost immediately with a volley of pistol shots. Mr. Tilden was shot through the back and instantly killed, and the two other occupants of the machine wounded.

Want Militia Withdrawn.
The citizens' general committee, of which the mayor is the presiding officer, adopted a resolution at its session to withdraw the entire force of state militia that has policed a large residence section for the past few days. In adopting this resolution a vote of thanks was tendered the governor and the state militia, for its services in the emergency. From this time on the city will be patrolled jointly by the municipal police and federal troops. Until a city prison is re-established all persons held on felony charges will be taken to Fort Mason and turned over to the regular troops for safe keeping.

There is a vast supply of provisions on hand for the people of San Francisco. Major General Krauthoff, chief depot commissary of the Department of California, stated during the day that there were available 700,000 rations of supplies. This included those at the Presidio, Fort Mason, transport docks and railway yards. More than 100 carloads additional are being distributed from the Southern Pacific yards at Fourth and Kentucky street. Superintendent Leach of the branch United States mint said during the day that operations could be resumed immediately. There is no lack of money at the mint and New York transfers upon that institution will be paid upon presentation, but up to this time there has been no call for funds.

NO LIMIT TO RESOURCES.
Finance Committee Will Expend Large Sum of Money.

San Francisco, April 24.—There will be no limit to the resources of the finance committee whose duty it is to expend millions of dollars being subscribed for the relief of the homeless sufferers in San Francisco. That was learned at a meeting during the afternoon when offers of assistance were received from the large cities of the East, and even from Premier Seddon of New Zealand. There will be plenty to distribute but the problem now is to use the contributions impartially for the relief of all those who are deserving.

The finance committee, of which James D. Phelan is chairman, will no doubt dispense all the money and supplies, but it will do its work through the regular army, and, looking to that end, a conference will be held at Fort Mason during the morning. At that meeting the state will be represented by Governor Pardee, the army by Generals Funston and Greeley, and the finance committee by James D. Phelan, William F. Herrin, Garret McInerney and M. H. de Young. At the meeting in the afternoon it was proposed that all persons who have homes left shall be forced to pay for their provisions and that only the actual sufferers shall be given free food.

The regular soldiers will be given charge of the distribution of supplies. It is feared that the French consul, M. Leconte Perretti de la Rocca, is lost. The vice consul of France, Pierre la Caze, has made every effort to locate his chief and has been unsuccessful. He visited the French consul's quarters at 316 Post street and discovered that the floors had fallen through and were lying in a heap in the basement of the building.

San Francisco is not under the ban of martial law and has not been from the beginning. There has been a general misunderstanding among the troops themselves. Mayor Schmitz is at the head of all patrolling and is merely assisted by the troops. The officers of the army are working subject to any restraining order from the mayor.

St. Paul Contributes.
St. Paul, April 24.—Ten cars loaded with provisions of all kinds left at 7 o'clock p. m. over the Omaha road for Omaha, where they will be transferred for delivery into the stricken city. Over \$11,000 in cash has been raised here for the earthquake sufferers.

FATHER GAPON DEAD

NOTED RUSSIAN PRIEST SAID TO HAVE BEEN HANGED BY REVOLUTIONISTS.

London, April 24.—An extraordinary story is published by the Manchester Guardian from a correspondent in Russia, asserting that Father Gapon was hanged secretly April 10 by four revolutionists who overheard him admit that he was spying on his former revolutionary colleagues in behalf of the Russian police.

St. Petersburg, April 24.—Friends of Father Gapon claim to have information that the ex-priest has fallen, not into the hands of the revolutionists, but into those of the Holy Synod, which condemned him for forsaking the priestly order to indefinite imprisonment in one of the many gloomy monasteries used by the church as prisons.

INCREASED APPROPRIATION.

Senate Gives Freely to Sufferers From California Earthquake.

Washington, April 24.—The senate during the day increased to \$1,500,000 the second appropriation of funds in behalf of the sufferers from the California earthquake and this legislation, like all of the same character that has preceded it, was enacted without comment of any kind.

The day marked the conclusion of Mr. La Follette's speech on the railroad rate bill. He occupied the greater part of the time during the day as he had done on Saturday, rendering it one of the longest speeches in recent years in the senate.

The bill providing for the organization of a dental corps in the army was passed and the Indian appropriation bill was under consideration late in the day.

FOR RELIEF OF SUFFERERS.

House Concurs in Senate Amendments on Joint Resolution.

Washington, April 24.—Without debate the house during the day concurred in the senate amendments on the joint resolution appropriating \$1,500,000 for the relief of the San Francisco sufferers.

The house had under consideration the bill fixing the salaries for the school teachers in the District of Columbia and reorganizing the board of education. The bill increases the salaries of the teachers about 16 per cent and under an amendment adopted by the house vests the appointment of the board of education in the supreme court of the District.

The bill was not completed when the house adjourned.

Aid From Massachusetts.

Boston, April 24.—The day's response by the citizens of Massachusetts to California's cry for help included more than \$100,000 in cash subscriptions, making the total of the general fund to date \$424,000.

Earthquake in Oregon.

Medford, Ore., April 24.—A slight but distinct earthquake shock was felt here about 2 o'clock a. m. No damage was done.

TELEGRAPHIC BREVITIES.

Chancellor von Beulow of Germany is now much better.

Milwaukee's contribution to the San Francisco relief fund has reached a total of \$54,000.

The San Francisco relief fund raised in Minneapolis now amounts to practically \$45,000.

Mrs. Rachael Rozwadowski of Chicago was found dead in her bedroom Monday night from the effects of escaping illuminating gas.

The Anglo-Tibetan treaty has been signed at Peking. It provides for the recognition by Great Britain of the protectorate of China over Tibet.

Peter Jansen, lieutenant of Fire Engine company No. 2 of Minneapolis, is slated for removal for an alleged attempt to bribe an alderman to try to have him appointed a fire captain.

A farewell reception to Walter Wellman, who is to attempt the discovery of the North Pole in an airship, was given by the New York Motor club at the Waldorf-Astoria Monday night.

H. F. MICHAEL CO'S Daily Store News

Shirt waist suits for the house.

These are really the evolution of the wrapper. They are made with separate skirt and waist and are just the thing for house wear. Colors are good and the trimmings are neat, not elaborate. These suits will cost you \$1.25, \$1.50 or \$1.85, just as you may select.

"Sun bonnet babies."

We have some very neat sun bonnets for the little Miss who wants to enjoy the pleasures of out doors. They are very neatly made. Good serviceable shades and sell at 15c and 25c.

Long kid gloves.

We have a number of black and white long kid gloves. The market is scarce of these gloves and we would suggest an early purchase.

The Parasian extension for black gloves are receiving lots of attention. They give you your long gloves in two sections which is a great convenience.

CONDITIONS TERRIBLE

HEAVY RAIN ADDS TO MISERY OF SURVIVORS OF DISASTER AT SAN FRANCISCO.

NOT PROPERLY SHELTERED

HOMELESS PEOPLE LIVING IN FLIMSY MAKESHIFTS IN THE CITY PARKS.

San Francisco, April 24.—The condition of the 5,000 persons camped in Jefferson Square park is something terrible. Not more than five per cent have even an army tent and the makeshifts are constructed of carpets, bed sheets and every imaginable substance. They are totally inadequate to keep out the heavy rain which is falling.

The 400 soldiers of the Fifth and Sixth California national guard are requisitioning every house in the neighborhood for shelter but in the meantime the homeless are in a miserable plight.

Glenn A. Durston of the Spanish War Veterans' relief committee has immediate charge of relief work. He made this statement:

"We are impressing every wagon we can lay our hands on. We have about ten wagons now in which we are hauling all who will go to the Ferry station and sending them out of town. We have sent to the Presidio for tents and by confiscating all vacant houses we can find we hope to have these unfortunates housed with some degree of comfort before night."

The spirit and courage shown by the sufferers in the face of their misfortune is wonderful.

The sanitary work is going forward as rapidly as possible. Several toilets have been erected and all refuse is being hauled away and burned promptly. There is so far very little sickness in camp and none of a serious nature. No infectious disease has made its appearance.

Church Turned Into a Hospital.

The St. Paul Lutheran church, located near Jefferson Square park, is being utilized as an emergency hospital. In the main auditorium about forty-five patients are lying on mattresses which have been spread on the floor. The staff of this hospital is composed chiefly of Los Angeles doctors and nurses.

The patients are mostly suffering from exhaustion, nervous strain or slight fractures. There is no infectious or serious illness in this hospital. At Columbia square, in the south of Market street district, conditions as the result of the rain storm will prove worse than in any section of the city. Here are gathered about 1,200 of the poorest people of the city. All sorts

of improvised shelters dot the grass but tents and other substantial coverings are few. The grounds are flat and the rain collected in pools, causing much suffering among the homeless and the little ones especially.

At Fort Mason there is little misery on account of the cold rain. About 8,000 people are encamped there and on account of the sandy and sloping ground sanitation is not bad. Food is plentiful.

DAMAGE AT PALO ALTO.
Will Amount to More Than a Million Dollars.

Palo Alto, Cal., April 24.—But little destruction is in evidence on the university campus. The students still lack funds here. No one is allowed upon the campus without a pass. Workmen are clearing away the debris of the memorial church. Most of the campus dwellings have been repaired.

In an interview with a representative of the Associated Press, President Jordan said:

"The memorial church will be sheltered to prevent further injury and work in all classes will begin on Aug. 23."

"The gymnasium and the library were practically destroyed, nothing but skeletons of twisted steel remaining. The loss will be \$500,000 on each. The memorial church is merely a frame, the mosaic work being torn down. The top memorial arch is on the ground, a heap of ruins. The original quadrangle is but little damaged. The rare specimens from Egypt are lost in the museum, which was only partially destroyed. The fraternity lodge and Chi Psi hall is a total loss. The engineering buildings are partially demolished. Encina hall, where 200 boys stayed, was badly shaken and a large stone chimney crashed through the four floors, burying Student Hanna of Bradford, Pa. He was the only student killed. About twelve others were slightly hurt."

Roble Hall, the girls' dormitory, escaped without a scratch. The damage at Palo Alto city amounts to \$200,000. San Mateo suffered much, even worse than Palo Alto. There was severe damage at Menlo Park. Burlingame suffered a loss of fully \$100,000. Many houses were torn down there. The only other death in this vicinity was that of Fireman Otto Gordes, who was buried under the chimney of the powerhouse at Palo Alto. All these towns mentioned are without light or power.

Captain Hobson Nominated.
Montgomery, Ala., April 24.—At 12:30 a. m. all returns from the Democratic primary election in the Sixth Alabama congressional district indicated the nomination of Captain R. P. Hobson of Merriam fame, over John H. Bankhead, the present representative.

Sutton Defeats Schaefer.

New York, April 24.—George Sutton of this city defeated Jake Schaefer of Chicago in the final game of the international billiard tournament here during the evening by the score of 500 to 287. These two were tried for second place.

TO MEET AT WILKESBARRE.

Miners Will Consider Reply to Anthracite Operators.

New York, April 24.—Representatives of the anthracite coal operators during the day announced that they have received a letter from President Mitchell of the United Mine Workers of America in reply to the operators' declaration to submit all the differences between the operators and the miners to arbitration, in which Mr. Mitchell said he had called a meeting of the committee representing the anthracite miners to be held at Wilkesbarre Wednesday, April 25. The communication by the operators would be submitted for the consideration of the mine workers' committee.

An unsigned statement given out by the operators said in part:

"When Mr. Mitchell presented his plan of arbitration on April 1, the operators informed him then and there that it could not be accepted. They also notified him that a detailed reply would be ready on April 17. The affairs of a rival industry, however, demanded Mr. Mitchell's attention in Indianapolis on April 16 and it was not until April 21 that he could even acknowledge the operators' letter of April 17."

"It should be very definitely understood that the delay in these negotiations is not caused by the operators."

"Each industry alternately waits while efforts are being made to fix terms with its rival. Meanwhile the anthracite mines are idle and some 150,000 men are led to sacrifice their wages. The strike has been in progress now for over three weeks and exactly thirty-six days have been lost in these negotiations since March 9 by reason of the demands upon the miners' leader by the competing bituminous industry."

SERIOUS RIOTING OCCURS.

Mob Attacks Workmen in a Wisconsin Tannery.

Milwaukee, April 24.—A Sentinel special from Kenosha, Wis., says:

Serious rioting occurred here during the evening in connection with the strike at the N. R. Allen's Sons company tannery, when a mob of nearly 200 men stormed the building, breaking every window in one of the principal buildings and injuring two of the men employed in the plant.

Two of the strikers had been arrested on a charge of rioting and C. W. Allen, one of the managers of the plant, went to the county jail and secured the release of the men with the understanding that they spend the night peaceably.

An hour later the mob, armed with clubs and stones, returned to the plant and forced entrance into the building. The men employed in the building were driven from their benches and forced to join the ranks of the strikers. It is alleged that from 500 to 600 men are now in the camp of the strikers and it is feared that a second assault on the plant will result in bloodshed.

Twelve Excursionists Drowned.

Antwerp, April 24.—Twelve excursionists were drowned during the day in the river Scheldt by the capsizing of a ferryboat.

Weather.

Forecast—warmer and rain.

If you are not in favor of drainage you are not in politics this year, that's all.

CLEAN streets, clean alleys, neat and tidy premises and good sidewalks is one of the best advertisements that any city can have.

The vigorous enforcement of the pure food laws by the state dairy and food department is of inestimable value to the people of the state.

LONG PRAIRIE has already matters under way for an appropriate Fourth of July celebration. The people of that village are so accustomed to having a display of political fireworks the year round that the effort of getting ready for the grand annual display will be mere child's play.

THE state superintendent of schools has discovered that the new code contains an unconstitutional provision regarding the age limit of pupils entitled to school aid, fixing it between 6 and 21, while the constitution plainly requires the school money to be divided on the basis of children between the ages of 5 and 21 attending the required number of days.

THE intelligent advertising by the state immigration bureau and by the real estate men and commercial clubs in the localities where the land was located had the effect of bringing hundreds of outsiders into the state to attend the sales of land recently held by the state auditor in the Northern Minnesota counties and to it is attributed the success in disposing of thousands of acres of fertile soil to actual settlers.

THE Crookston Journal says the politicians are calling out for an instructed delegation to the state convention. This must be the "call of the wild" only heard in the Journal office for those best informed are of the opinion that less than a dozen counties in the state will instruct. Favorite sons may be looking for favorable instructions from their home counties but the general tendency is in the other direction.

THE Verndale Sun remarks that those opposed to Congressman Buckman are going so far as to assert that unless they are able to defeat him at the primaries it will result in a democratic victory. Statements of this kind and implied threats are occasionally used in heated political arguments and in some personal cases are carried out, but it is the vindictive, narrow-minded individual that will work the rule or ruin policy. The bluff is good, but it won't work.

FRANK Eddy was credited by the Minneapolis Journal with having attended a conference in Minneapolis at which time the congressional matter was supposed to have been discussed. Mr. Eddy takes exceptions to the article and says in his Sauk Centre Herald: "We do not know who furnished him the information but as far as it concerns the editor of the Herald it is absolutely erroneous. We did not attend any con-

ference of Sixth district leaders on the congressional situation. We did attend a meeting of republicans from all over the state in regard to another matter. The congressional situation in the Sixth was not mentioned while we were present except by a single individual and then only in a casual way and no mention was made of candidates. We did not even know that Mr. Lindbergh was thinking of running till we saw his announcement in the paper. We received no invitation to attend a conference on the congressional situation and would not have attended one if we had. We are of the opinion that when the proper times comes voters of the Sixth congressional district are perfectly competent to select a congressional candidate at the primaries without the assistance or aid of any "conference of leaders" or "leading politicians."

LOCAL NEWS NOTES.

F. S. Parker went to Parkerville today. J. L. Smith came in from Minneapolis today.

Miss Roabek, of St. Cloud, is visiting Mrs. H. H. Krause.

C. W. LaDu, of Pine River, was in the city on business today.

Frank Bryant, of Jenkins, is in the city today on business.

F. A. Linbergh, of Little Falls, was in the city today on business.

G. F. Filmer, of Rabbit Lake, was in the city on business today.

Mrs. F. S. Parker and Mrs. Geo. Ames went to the twin cities today.

Miss Mary Griffith, of Walker, spent Sunday with Mrs. J. R. Burns.

Guy Hoard was assessed \$5 in police court yesterday for drunkenness.

J. C. Loerch, of Loerch, was in the city today on his way to Wadena.

Wm. Lincoln, master mechanic at Staples, was in the city this forenoon.

W. M. Hardin, traveling freight agent of the M. & St. L., was in the city today.

W. P. Locke, of Longville, has been in the city a couple of days on business.

Rev. J. F. McLeod went to Minneapolis today. He expects to return Thursday.

H. W. Van Sickle, of LeMars, Iowa, was in the city today visiting his son H. B. Van Sickle.

Mrs. A. R. Holman, of Pequot, arrived today to attend the county Sunday School convention.

Miss Virgie Lassard, of Cass Lake, came down yesterday for a visit with her aunt, Mrs. Ketchum.

Lester Allen goes to Medina, N. D., tonight to join his brother Arthur who is teaching a band there.

C. F. Churchill and family, of Pine River, passed through here today on their way to Western Canada.

Z. LeBlanc came in from Walker today where he has been at work for the Cross Lake Lumber company.

Robert Entriken went to Cross Lake today to take charge of the machine shop for the Northland Pine company.

Mrs. Tony Clemens, who has been visiting Mrs. W. Grand, of 1215 E. Maple St., returned to her home in Staples today.

Adam Belmuth went to Gull lake today to cook for the crew engaged in taking pike spawn for the state fish hatchery.

Henry Leinbach of Crow Wing died Sunday at the St. Joseph hospital, and the body was sent to Egan S. D. for burial. Mr. Leinbach was 74 years old.

Clem Thompson and F. D. Muzzy, of Motley, were in the city today on their way back from Gray Eagle where they had been with the body of Dr. Shaffer for burial.

Brainerd sent a goodly delegation of handsome idea shooters to St. Cloud Thursday evening. Staples restaurateurs insist that they know how to capture a pie counter.—St. Cloud Journal-Press.

The funeral of Mrs. John A. McKay took place this afternoon from the Methodist church, Rev. H. W. Knowles officiating. The floral offerings were very numerous and more handsome ones were never seen in Brainerd.

T. E. Lemere, a traveling picture man, was arrested last night on a charge of petit larceny. He took a continuance until Thursday at 10 a. m. when he will be defended by Crowell & Gardner. It is said the charge grew out of trouble with one of his employees.

Quite a large delegation from Deerpark arrived today noon to attend the county Sunday School convention. Among those who came in were Rev. Mr. Parkinson, Mr. and Mrs. P. K. Wetzel, E. J. Rathbone, Mrs. Walter Smith and Mrs. T. J. Thompson.

The Crow Wing county Sunday school convention is in session this afternoon at the First Presbyterian church in Brainerd. It will also continue in session tomorrow. All interested in Sunday school work are invited to be present.

Mr. Marte, undertaker for D. M. Clark & Co., who attended the funeral of Dr. Shaffer at Motley Sunday states that it was one of the largest funerals ever held in that city. The Woodmen, M. B. A. and Odd Fellows turned out and attended the funeral in a body.

Sheriff A. H. Lee, sheriff of Carleton county, passed through here today with Peter Mudrovich, whom he was taking to St. Cloud to the reformatory for assault in the second degree. Mudrovich had tried to carve a fellow Austrian at Thompson, Minn. County Attorney J. E. Green, of Carleton, was with the party going down to look over the state institution.

W. H. Koop, of Brainerd, who was in the city yesterday to take the degrees in the Knights of Columbus, stated that there was something new doing along iron ore lines on the Cuyuna range. Another shaft will be put down this summer in the Rabbit lake county, and the fact that the company is using the best Washington fir gives weight to the theory that rich vein has been struck.—St. Cloud Times.

Itching piles provoke profanity, but profanity won't cure them. Doan's Ointment cures itching, bleeding or protruding piles after years of suffering. At any drug store.

COLE OUT FOR GOVERNOR

The Walker Candidate Announces His Platform and Refers to His Legislative Record

I hereby announce my candidacy for the republican nomination to the office of governor. My official record in the legislature and my public utterances on questions affecting the state will no doubt be regarded as more clearly indicating what my attitude will be if elected to that office than any promise I can make at this time; and in a year like this when the rank and file of the party are disposed to take the reins into their own hands and write their own platforms, it seems quite unnecessary for me to attempt to formulate a set of principles for them. However, I hope I will be pardoned for emphasizing a few questions which seem to me to be foremost in the public mind.

First in importance let me say, is a vigorous enforcement of our existing railroad laws and the enactment into law of such further safeguards of the public interest as experience suggests.

Second: A vigorous policy of state development, a policy that is not content with the draining of swamps and the settlement of our vast unoccupied territory, but a policy as broad as the state and which will bring an increased measure of prosperity to every county in the state.

It is indeed unfortunate that on account of the persistence of activity of other states and the Canadian Northwest many of our citizens have been induced to leave the state and but slight effort is being made to stop this exodus or to induce others to fill the vacancy caused by their departure. Now this is especially deplorable when there are vast numbers of people daily passing through our state and on to a locality which promises slight, if any, advantages our own state does not afford, while ours possesses manifold opportunities and advantages which cannot be realized in the states or provinces to which they are going.

A well directed, systematic effort on our part, where all will pull together is all that is required to get the tide of immigration setting in our direction, and thus add to the values of every acre of land and increase the volume of every line of business in our state. Should not the republican party do the usual thing and set the pace for state development, when all other parties will soon follow in the glorious work which we have inaugurated.

Third: A change in our present so-called "good roads laws," which will take road building out of politics and thus make it possible to get a hundred cents worth of results for every dollar expended.

Fourth: Such changes in our insurance laws as recent investigations have proven necessary.

Fifth: But by no means the least important are such changes in our tax laws and their administration as will make the burdens of taxation rest equally upon all classes.

I expect the public interest in the foregoing and in many other important matters will be clearly defined in the party's platform, and if elected to the honorable and responsible position of governor, it will be my aim as far as possible, to carry out the policies so enunciated.

JUST BREATHE IT

Hyomei Cures Catarrh in Natural And Rational Way.

No dangerous drugs or alcoholic concoctions are taken into the system when Hyomei is used in the treatment of catarrh. Breathed through the neat pocket inhaler that come with every outfit, the balsamic healing of Hyomei penetrates to the most remote cells of the nose, throat and lungs, killing all catarrhal germs, healing the irritated mucous membrane and effecting a complete and permanent cure.

No medicine taken into the stomach can possibly reach the remote cells of the air passages, or give the immediate relief that follows the use of Hyomei. A few days' treatment is usually all that is necessary to show how quickly this remedy will cure catarrh.

So successfully has Hyomei been in the cure of catarrh among their customers, that H. P. Dunn & Co. sell it under a positive guarantee that it costs nothing unless it gives satisfaction. The complete outfit sells for one dollar, while extra bottles can be obtained for 50 cents.

COURT OF HONOR DANCE

Second Old Fashioned Dance Given is a Success--People From Out of Town Present

The second old fashioned country dance given by Brainerd Court, No. 1033, Court of Honor, was well attended and proved a great success.

There was a large attendance of people from the country, coming from a radius of 20 miles from Brainerd. There were members of the Court of Honor present from Little Falls, St. Cloud, Eden Valley and Pine River.

Music was furnished by Messrs. Gage, Wheeler, Welch and Hoffbauer. There were callers from N. E. and S. E. Brainerd, Crow Wing, Daggett Brook, Oak Lawn, Esdon and other places. The floor committee made it a point to see that everybody danced. The committee on arrangements covered itself with glory and prides itself on bringing almost as many people from the country to town as a market day. Everybody stayed in town over Saturday spending the day shopping.

GEO. H. COOK IN EARTHQUAKE

Former Manager of the Brainerd Lumber Company was in San Francisco

STOPPING AT PALACE HOTEL

He and Companion Wander Three Days Before Getting Out of The City

Yesterday's Minneapolis Journal has a long story of the experiences of Geo. H. Cook, former manager of the Brainerd Lumber company, and A. W. Benson, of Minneapolis, who were in San Francisco at the time of the earthquake. Mr. Benson said:

"Mr. Cook and I occupied rooms in the very top story and in one corner, where the shock struck the building the worst. I shall never forget the awful sound that woke us that morning. The room where we were was rocking and jumping and swaying like a bucking bronco. Our bed went sliding down the floor, first to one corner, then to the other. Shelves and articles of furniture piled along the wall fell with a crash. A magnificent mirror struck the foot of the bed and was broken into fragments.

"In our corner we got it the worst. Right where the two adjoining walls came together, the boards creaked and cracked. Nails pulled out with a rasping sound. Plaster fell everywhere and in the suffocating dust we gasped and choked.

"In our night clothes we jumped from our beds and started for the stairs. In the halls and corridors and down every stairway people leaped and jumped in a frenzy or terror. Order there was none. Hurrying and scurrying, they thought of safety alone.

"Out in the streets we huddled. Everybody wanted to go to the ferry. Some were there without a stitch of clothing on their backs. Stark naked, they did not realize it, and in the excitement they ran with the rest.

"Mr. Cook and I had only our pajamas on. I said 'Let's rush back and get our clothes.' We started up the stairs. That was a perilous trip. Great chasms had opened in the stairways that we had to crawl and jump over and no moment knew when the whole structure would fall on our heads. We reached the room and grabbed our clothes. Did we put them on there? No; we just took everything in sight in one scoop and rushed to the street; there we dressed. I got about half my clothes and Mr. Cook did about the same.

Mr. Cook is speaking of their experiences said:

"Two nights we slept in parks. The first day we bought a can of sardines and two loaves of bread. That was all we had. There were many worse.

"The second day we hired an expressman for \$15 to drive us to the Presidio, where we heard a government steamer was going to leave. No sooner had we gotten there than the rig was confiscated and a blue-coated soldier ordered us to get down and help unload a ship filled with potatoes and provisions. We worked there for two hours before we could go.

"Next day we got another expressman and started for the ferry. It took us from 6:30 in the morning to 3 that afternoon and part of the time we were nearly surrounded by fire. Instead of getting better the flames seemed to get worse. On either hand they stretched a mile. When we got over into Oakland and got our train you can believe we were thankful.

"The soldiers, especially the regulars were a godsend to San Francisco. They kept the mobs down and did wonders

to help the dead and dying. We saw scores of dead people and those terribly wounded conveyed to the Presidio."

A YEAR OF INTENSE SUFFERING

Mrs. Carrie Askey, Cumberland, Wyoming, had a sore throat and tickling in her throat that kept her coughing night after night. She used Dr. Warner's White Wine of Tar and has not lost a night's sleep since. Write her. For sale at Johnson's Pharmacy and H. P. Dunn & Co. t-tslm

WISE-KELLY WEDDING

Jos. P. Wise of this City and Miss Francis Kelly, of Perham Were United in Marriage

At St. Francis' church at 8 o'clock this morning Father Lynch spoke the solemn words that united Joseph P. Wise and Francis Kelly for life. After the ceremony the happy couple and invited guests were entertained at a wedding breakfast at the home of the groom's father, John Wise, at 913 south Sixth street. Miss Rosa Turcotte was bridesmaid and Henry Wise, a brother of the groom acted as best man. The bride was becomingly adorned in a gown of blue silk with bridal wreath and veil. The bridesmaid wore cream colored mull.

The bride is from Perham, Minn., where a large number of friends regret her leaving. The groom is well known here, being associated with his father, John Wise, in the saloon business. The newly married couple will go to house keeping in the home on south Fifth street which Mr. Wise has prepared for his bride.

RAISE IN THE RATES

All Applicants for Fraternal Insurance Will Now Have Pay \$2.00 to The Doctor

At the last session of the Upper Mississippi Valley Medical Association a resolution was introduced by a member from Little Falls raising medical examinations for fraternal insurance from \$1.00 to \$2.00 which was unanimously adopted by the society.

The old line companies had endeavored to cut the fee paid by their companies for examinations from \$5.00 to \$3.00, but the doctors held firmly for \$5.00. The fraternal applicant calls upon the doctor, while the old line company usually has the doctor visit the applicant. The \$2.00 rate affects all fraternal insurance orders in the city.

If you haven't the time to exercise regularly, Doan's Regulets will prevent constipation. They induce a mild, easy, healthful action of the bowels without griping. Ask your druggist for them. 25c.

BARN BURNED

Barn on Farm of H. J. Cunningham East of City Destroyed Monday--Eight Horses Burned

A report has reached Brainerd that the barn on the farm of H. J. Cunningham about six miles east of the city burned Monday afternoon about five o'clock. According to the report eight horses and several cows were cremated. Fifty tons of hay were also destroyed.

BOTH WERE CURED.

Mrs. Bartlett, Cumberland, Wyo., says:—"My oldest daughter suffered months with a severe cough. My baby had the croup. After trying many remedies, we used Warner's White Wine of Tar. Both are cured.

TO RAISE \$1000 FOR SAN FRANCISCO

Meeting of Citizens Last Night Set Amount Brainerd Should Give

COUNCIL ASKED TO GIVE \$500

A Committee of Two From Each Ward was Appointed to Solicit Funds

At a meeting of citizens held at the Commercial club rooms last night the matter of aid for San Francisco was taken up and it was determined to raise at least \$1,000.

A motion passed asking the city council to appropriate \$500 for relief and it was announced that a meeting of the council would be called for Wednesday evening for the purpose of considering the matter.

A motion was also made that the mayor appoint a committee of two from each ward to devise further means of raising funds. Mayor O'Brien appointed the following gentlemen on that committee:

First Ward—John Wise, Gus Raymond.

Second Ward—H. I. Cohen, H. W. Knowles.

Third Ward—Louis Roth, Wm. Falkenreck.

Fourth Ward—John Erickson, J. W. Nyquist.

Fifth Ward—F. H. Gruenhagen, Mons Mahlum.

F. A. Farrar was made treasurer of the funds to be raised, and parties wishing to contribute can pay him at the First National bank or any member of the committees.

A meeting of the special committee has been called for tomorrow night at the Commercial club rooms.

A subscription paper was opened at the meeting and the following amounts were subscribed:

Con O'Brien	\$25.00
Slipp-Gruenhagen Co.	25.00
First National Bank	25.00
W. H. Cleary	25.00

CHANGING THE LAWS

RUSSIAN GOVERNMENT SEEKS
 TO PRESERVE THE POWER
 OF THE EMPEROR.

ENTRENCHING FOR ATTACK

AUTOCRACY WORKING HARD TO
 LIMIT THE JURISDICTION
 OF PARLIAMENT.

St. Petersburg, April 24.—Instead of frankly accepting the verdict of the people as evidenced by the result of the election and preparing to make every possible concession to parliament, the government seems to be deliberately entrenching all its threatened prerogatives with the purpose of giving battle. With feverish haste a high commission consisting of the cabinet and other dignitaries of the government under the presidency of the emperor is sitting daily at Tsarskoe-Selo modifying the "fundamental laws," which are beyond the jurisdiction of parliament, and is working night and day in efforts to retain all the power possible in the old channels. Many "temporary laws," which it was believed were only to remain in force until parliament meets, have been incorporated as "fundamental laws" and a whole series of modifications for the purpose of protecting the emperor's prerogatives have been included in them. For example, whereas formerly the emperor only had the right to dismiss ministers and chiefs of departments, under the new law any official of whatever rank may be discharged by imperial order.

One of the most important changes is that applicable to the number of recruits to be called to the colors each year. The number heretofore had been fixed by a legislative act in the "ruling senate," or second of the four great boards charged with the administration of the empire. In order to prevent the control of this vital subject, which might become a powerful weapon in the hands of the people's representatives, passing to the lower house of parliament, the council of the empire, or first of these boards, has permanently fixed the number of recruits to be called to the colors each year so that any change in the law hereafter will require joint action on the part of the upper and lower houses, and the upper house is relied upon to block any initiative of the lower house to decrease the number of recruits. Similar action has been taken in regard to the special monopoly to prevent the lower house from cutting off the immense revenue of \$250,000,000 derived by the government from from this source.

ON PLANS FOR RELIEF.

Government and Red Cross Working in Conjunction.

Washington, April 24.—Working in conjunction, the government agencies and the Red Cross are rapidly perfecting plans for the relief of the situation in San Francisco. During the day the national association received a remittance of \$300,000 from the New York branch of the Red Cross. Inquiries were made through Surgeon General O'Reilly as to the need in San Francisco for doctors or female nurses, and it was learned that no more were needed and that all necessary medical supplies were available at San Francisco for all contingencies for about three months.

There is a need, however, in the afflicted city for clothing and shelter and warmth, and the Red Cross is looking to these ends. Arrangements have been made with army contractors who supply blankets to send many thousands to San Francisco of the same quality as those furnished for the United States army, which it was agreed to do at low government contract.

Quartermaster General Humphrey was advised by telegraph from his agent in San Francisco that 4,000 stoves with piping were being unloaded and that the tentage was coming in by boat and rail at a rate that would possibly result in soon affording protection for all of the earthquake and fire sufferers.

New York's Large Contribution.

New York, April 24.—That the contributions of New York state for the relief of the victims of the great catastrophe on the Pacific coast will exceed \$3,500,000 is now assured. The state legislature in response to a special message from Governor Higgins, passed a bill appropriating \$250,000 to the relief fund.

Contributes Large Sum.

St. Louis, April 24.—A contribution of \$100,000 has been telegraphed to the Red Cross society by Adolphus Busch, St. Louis' millionaire brewer. Mr. Busch and family were caught in the San Francisco disaster and suffered severely before making their way to Oakland.

General and Mrs. Bragg Safe.

Fond du Lac, Wis., April 24.—General and Mrs. Edward S. Bragg are safe and well. A telegram was received from the general during the day stating that they left San Francisco three days before the big disaster and were visiting his daughter, Mrs. L. D. Sherman, at Vallejo.

THIRTY-FIVE LIVES LOST.

Belgian Training Ship Founders in the Bay of Biscay.

London, April 24.—The Count de Smet de Naeyer, a cadet sailing ship used by the Belgian government for training officers for the government service, sailed in the Bay of Biscay April 18, with a loss of thirty-five lives, including the captain and the officer commanding the cadets. The cadets included the sons of many prominent Belgians. Twenty-six survivors of the wreck were rescued by the French bark Dunkerque.
